WHAT'S THE PERFECT WEDDING GIFT? A HONEYMOON YOU'LL NEVER FORGET!

Honeymooners' Paradise

Cancún's spectacular Le Blanc Spa Resort brims with every kind of romantic delight, making it the ultimate hot spot for honeymooners. When couples book their stay for three nights or more, they receive a complimentary "Honeymoon Package" filled with celebratory gifts, including sparkling wine, dinner by candlelight, beach bag, keepsake bathrobes, and more.

Dream Registry

Guests are also invited to set up their own "Honeymoon Registry." Much like a gift registry, this unique program allows couples to create a wish list on their customized "Honeymoon Wishes" web page—only instead of choosing china and appliances, they register for personalized amenities, spa services, and tours available exclusively at the resort. Family and friends can access "Honeymoon Wishes" and select a dream gift for the newlyweds.
