Packed with Love

WHETHER YOU'RE TRAVELING TO THE TROPICS OR TYING THE KNOT IN THE ALPS, GET YOUR GOWN TO YOUR BIG DAY LOOKING FRESH AND UNWRINKLED WITH THE ASSOCIATION OF WEDDING GOWN SPECIALISTS.

Travel with care

By car Using a garment bag, stuff your gown with a bust form and lots of tissue to keep it from being crushed. Hang it so the bodice is facing the car door and lay the rest across the back seat.

By plane Most airlines insist you check your gown with your other luggage, so unless your gown is very informal, you will need a large box or an extra suitcase to protect it.

Let the pros pack for you.

A Certified Wedding Gown Specialist™—a professional who specializes in gown cleaning and preservation—can prepare your gown for shipping.

Quick fixes

- * Hang your gown in the bathroom, turn the shower to hot, close the door.
- * Invest in a portable hand steamer you can use whenever you travel.
- * If possible, have your gown professionally pressed once you arrive at your destination!

...because you want your
WEDDING DAY to Last forever!

Insist on a personal inspection of your gown, archival-quality storage materials and a written international guarantee honored by specialists throughout the United States and in Canada, Australia and South America.

For more tips on traveling with your gown, go to WeddingGownSpecialists.com, or visit a Certified Wedding Gown Specialist™ near you:
